Subject: Pension reform now!
Date: Sunday, April 2, 2023 12:56:40 PM

Dear LCPR members,
I am writing you as an elementary teacher in Stillwater, MN with 15 years experience. I am a mother of two young children who are public school students.

As a working mom, I'm hustling each and every day to meet the needs of my first graders and my own children. I'm happy and proud to be a teacher. However, I'm worried that teachers will continue to have an unfair and poor pension. I want to know that the hard work I'm putting in each day will allow me to retire in a timely way. I also believe that my daughter's teachers deserve this benefit, along with all licensed school staff in our great state.

Please support Pension Reform for Tier II teachers by voting in support of HF3100 (Her) and SF3162 (Frenz) .

Tier II teachers in Minnesota have one of the worst teacher pensions in the nation and it is time for that embarrassing narrative to change. Teachers spend their careers putting others first and deserve pension reform.

We have a surplus now. There won't be a better time to reform teacher pensions. Please support teachers and get pension reform done now!
