To the LCPR Board

Thank you for considering the new HF3314 and how to pay for it. I would like to suggest some things to add to this bill since the bill does not address them. Currently in place is the 62/30 provision for career teachers. If you are going to reduce the NRA from 66 to 64, this provision should stay in place and should be 60/30 with the current penalties.

Also, any bill passed should also include a grandfather clause for all non-Rule of 90 teachers who had to retire early to give them the reduced penalties on the pensions they are already receiving.

Thank you for considering this new bill.
